1 Activate Bluetooth on your device

A smartphone screen displays the 'Settings' app. The 'Bluetooth' option is selected and has a checkmark next to it, indicating it is turned on.

2 Activate Bluetooth & pairing mode

A hand is shown pressing a circular button on a black device. A magnified view of the button shows a Bluetooth symbol. The device is surrounded by concentric blue circles representing a signal range.

3 Pairing: Search Bluetooth devices and select "TC-W xxxxxxx"

Two smartphones are shown. The top one displays a 'Bluetooth' search screen with a magnifying glass icon and the text 'Search devices...'. The bottom one displays a list of discovered devices, with 'TC-W xxxxxxx' and 'Laptop Nick' listed.

4

A smartphone is shown next to the black device. A magnified view of the device's top shows a Bluetooth symbol and a green checkmark. Below the device, there is a control for 'LED on | off |' with a power button icon.
