

ANTIGUA IW

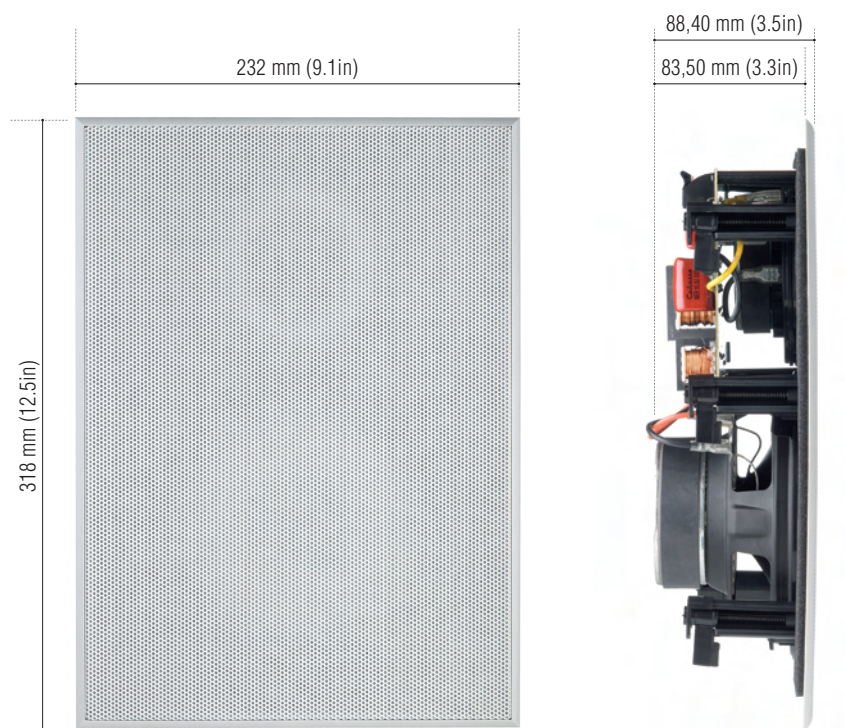

ANTIGUA IW

Thanks to its ultra thin grille, with magnetic link fastening, which hides the new 17T20 IW woofer and DOM36 midrange tweeter, from the MT range of loudspeakers, the new Antigua IW combines discrete aesthetics and elegance with the Cabasse fidelity to live sound.

Easy installation, easy matching to any amplifier, thanks to high efficiency and impedance, the Antigua IW is the high-performance solution for domestic and professional installs, for stereo sound or for surround effects. Perfection in sound and integration.
