## PRODUCES DENSE SMOKE THAT REMAINS ON THE GROUND, 1200W

LOW FOG MACHINE 1200W COMPACT SMOKE MACHINE

Reference: ZZFMLOW1200

Small size machine with incredible fog output.

It does not require dry ice or Co<sup>2</sup> using simple water and the normal liquid for smoke machines produces an extraordinary cloud effect.

Its small size makes it easily transportable and extremely versatile.

It is also equipped with a convenient valve on the front that allows you to easily empty the water tank after use.
